

SUMMER LAW CLERK PROGRAM

DIVERSITY

We are one of a small number of minority-owned law firms in the United States that practice complex commercial litigation, including international litigation and arbitration, at the highest levels. We are also a certified minority business enterprise and a member of the National Association of Minority and Women Owned Law Firms (NAMWOLF) and the Leadership Council on Legal Diversity (LCLD). We are committed to hiring a diverse team of summer law clerks.

MENTORING

Each of our law clerks are assigned to a mentor to help guide them through the summer. The mentors serve as a point of contact and help our clerks become familiar with life at Rivero Mestre. Weekly lunches give our law clerks the opportunity to get to know their mentors outside of the office as well.

EVENTS

Networking is key to professional development. That's why we provide several opportunities for our summer clerks to get to know our attorneys. Our Welcome Reception is a great place to start, and our other networking events include baseball games, happy hours, court-house tours, bowling, wine and paint night and more.

APPLY

Please send your resume, law school transcript (unofficial accepted), and a writing sample to Freddie D. Ordoñez at fordonez@riveromestre.com.
